

4 STEPS TO BECOME A REAL ECO WARRIOR DURING YOUR STAY ON GILI TRAWANGAN

Support Gili Eco Trust & Help to Preserve the Gili Islands

No matter how long you are staying on the Gili Islands, there are many ways for you to support the work of Gili Eco Trust - no expertise or special training needed!

Join our Debris Free Friday Beach Cleanup

We meet up every **Friday at 5 PM** to clean the beach together. Just check out our Instagram account ([@giliecotrust](#)) to find out where our next cleanup will take place. You're happily invited to have a **free beer** with us afterwards!

Help us Create Impactful Social Media Content

We need your social media skills to create awareness for our projects. Our **social media content guidelines** ensure consistency while working with various content creators like you. Please find them attached and let us know if something appears to be unclear for you.

Act Eco-Friendly. Today. At any time. No compromises.

Did you know that you can purchase bamboo straws at our **eco shop** to avoid single-use plastic? Did you know about the islands septic tank system that cannot handle any toilet paper and therefore it should not be flushed under any circumstances?

Find attached our 'Top 10 Recommendations for Being a **Responsible Tourist**'. Please feel free to reach out if you have any questions.

Take a RE-Cycle Tour or a Biorock Snorkel Tour with Us

Grab a bike and sign up for the **REcycle Tour** to explore how we recycle glass bottles and minimize plastics getting into the ocean.

Take the plunge underwater and join our **Biorock Snorkel Tour** to learn how we restore coral reefs.

Each tour lasts **1.5 hours** for a donation of **50,000 IDR** 100% of which goes back towards the project that you follow.

This is where we are located on the island

For more information, visit us on Facebook or Instagram Or email info@giliecotrust.com

“DO SOMETHING TODAY FOR
A BETTER TOMORROW”
THERE IS NO PLANET B.

10 RECOMMENDATIONS FOR BEING A RESPONSIBLE TOURIST

1 BE A ROLE MODEL: Set a good example by being an environmental citizen, people will follow suit.

2 THROW WASTE IN THE BINS PROVIDED: No littering, no excuses!

3 SAVE WATER AND TURN OFF ELECTRICITY: Be conservative with fresh water. Turn off lights, AC & fans when you are not in your room

4 DO NOT THROW ANYTHING IN THE TOILET: This will increase pollution and kill our fragile underwater eco-system.

5 REFILL YOUR WATER BOTTLE: Avoid buying plastic bottled water. Join the #refillution! Download the app and find 100+drinking water stations @refillmybottle

6 DO NOT TOUCH OR STAND ON CORALS: Corals are animals! Interacting with this fragile ocean ecosystem will damage it.

7 DO NOT COLLECT SEA SHELLS FROM THE OCEAN OR THE BEACH: Hermit crab use empty shells as they outgrow their own and waves break down shells to make sand to sustain our beaches.

8 RESPECT OUR POPULATION OF TURTLES: Never touch them and avoid fish feeding sessions. Report any snorkel tours that touch or pick up turtles

9 REFUSE STRAWS AND PLASTIC BAGS: Little actions make BIG differences. Saying no to a straw in your drink and refusing a plastic bag when shopping can help us reduce the waste on Gilis.

10 GET INVOLVED AND TAKE ACTION: Join a beach clean every Friday, recycling and zero-waste workshops. Visit our eco giftshop. Take a REcycle tour or explore our Biorocks.
